

Police Alarmed At Accident Jump

Death Toll Here Up 400 Per Cent This Year

City police officials expressed alarm today over the steady increase in death and destruction caused by traffic accidents.

Figures reveal an alarming increase in the accident rate for the first eight months of the year as compared with last year.

Following is the toll this year:

13 dead, up over 400 per cent over last year.

178 injured, up almost 30 per cent.

1,853 accidents, over 175 damage, an increase of 15 per cent.

Accidents during August were up 15 per cent over a year ago and up 10 per cent over July of this year.

"This is entirely too high," commented deputy chief Alex Riddell. "It is just a matter of carelessness in drivers."

Rate of accident increase is actually much higher than figures indicate, police officials say.

Last year's figures include all accidents causing \$25 damage. This year only those causing over \$25 damage are tallied.

Incompetent drivers are also blamed by Traffic Sergeant A. E. Woodward.

"The worst offenders are the drivers who weave in and out of traffic between the lanes," he commented.

SLIGHT DECREASE

Minor traffic offenses show a similar increase.

During August 5,730 traffic tags were given out, an increase of 17.8 per cent over last year.

A total of 218 summonses were issued for speeding and other traffic offenses, an increase of well over 100 per cent. A total of 27 persons were arrested for dangerous driving, an increase of three over last year.

So far this year, 1,625 summonses have been issued.

ARTHUR MILNER ... A prospect.

City May Get Big New Plant

Edmonton is being considered as a site for a new anti-freeze manufacturing plant.

Arthur Milner, affiliated with Skyway Products of Los Angeles, is in the city on a fact-finding tour of Western Canada.

He is looking for a location for the proposed anti-freeze plant. Other cities being considered as sites for the plant are Vancouver, Calgary and Winnipeg.

The Skyway company does a \$10,000,000 a year business out of Los Angeles, being third largest producer of permanent anti-freeze in the United States.

U OF A GRADUATE

Mr. Milner, 34 years old, will head the Canadian plant. He is an honors graduate in chemistry from the University of Alberta, 1936, and is the son of Mr. and Mrs. Louis Milner of Edmonton. Since his graduation from the U of A he has been employed by various U.S. firms as chemical engineer and in executive capacities.

High import duties and freight rates are factors which have caused Skyway Products to decide on construction of a Canadian manufacturing plant.

Illustrative of prohibitive import and freight costs is the fact that on a carload of the high-grade anti-freeze which has just been shipped into the province for sale during the coming season, freight charges and duty came to \$6,300.

The Skyway anti-freeze, 95 per cent glycol, has been approved by the provincial analysis, and provincial government authorities have signified their interest in having manufacture of high-grade anti-freeze located here.

The Canadian plant is expected to sell well over half a million gallons of anti-freeze a year throughout the Dominion when production begins.

By the Staff

WOP IN SPOKANE

Edmonton's W. R. "Woop" May will be principal speaker at International Aviation Council meeting in Spokane, Sept. 19-20, 21.

Development director for Canadian Pacific Airlines, May is a veteran northern bush pilot.

Feature of the Spokane aviation meet will be an exhibit of combat aircraft including the giant B-35 bomber.

SUMMER'S OVER

Post Office department announced today that Jasper Park Lodge post office will shut down for the season September 20.

LOVELY VIGIL

Two-year bilt on Cornwallia Island at Resolute Bay Arctic work station is in store for S. Dewar, 1715-50 street. Dewar has been placed in charge of the post. Canadian United States weather station at the Resolute Bay post after working in the weather office in Edmonton for seven years.

Dewar succeeds R. W. Rae of West Hill, Ont., at the Arctic post.

ON TO OTTAWA

Officer Henderson, Vermilion, past president of the Alberta Command of the Canadian Legion, will represent Alberta at the 25th annual convention of the supreme council of the British Empire Service League which opens Sunday at Ottawa.

WINS DEGREE

University of Alberta graduate John Anthony (Tony) Thorn has received his doctor of philosophy degree from University of Wisconsin.

Younger son of Mr. and Mrs. G. B. Thorn, 946-43 street, Dr. Thorn has accepted a position at the Prairie Regional Laboratory at Saskatoon. He received his B.Sc. degree in honors chemistry from U of A.

STRANGE VISITOR

Mrs. M. E. Gold of 5525 76 avenue, has a strange visitor today. It is a black cricket which she discovered in a basket of grapes from Texas which she bought in this city. Most crickets in this part of the country, Mrs. Gold says, are small and brown. This one is quite large and coal black.

AT MEETING

Ross S. Sheppard, superintendent of Edmonton schools, left last night to attend annual convention of Canadian Education Association in Fredericton, N. B. He will be away from the city for about two weeks.

WIN SCHOLARSHIPS

Two Edmonton district art cadets are among 17 recipients of scholarship awards to attend annual convention of Canadian Education Association in Fredericton, N. B. He will be away from the city for about two weeks.

Scholarships were awarded to art cadets with outstanding records in their squadrons. Four-year course at either college can terminate in commissions in the armed services or a career in civil engineering.

Jurists Pay Tribute To Justice Harvey

ALBERTAN Dr. James G. Knudsen has been appointed assistant professor of chemical and metallurgical engineering at Oregon State College, Corvallis, Ore.

Mrs. J. S. Knudsen, Youngstown, taught for two years at University of Alberta. He received Ph.D. at University of Michigan, Ann Arbor.

Associates and friends of Chief Justice Harvey joined today to pay tribute on the death of Alberta's senior judicial figure.

Mr. Justice Frank Ford said, personally I feel greatly his loss having known him for over 40 years and being associated with him for 23 years.

Continuing Mr. Justice Ford said, "His keen mind, quick perception and continuing industry made of him a peculiarly competent judge."

"It is to be hoped that someday a proper appreciation of his life and work will be given, and tribute to his many reported judgments, will be given permanent biographical form."

Mr. Justice H. B. Poirer said, "Without a doubt Chief Justice Harvey left his mark on the province while he was chairman of the University Board of Directors."

"It was due largely to his great efforts in that field that growth of the University was so pronounced," he said.

He appeared before him at a court for nearly 40 years and was associated for five and held him in highest esteem," said Mr. Justice Poirer.

Said Mr. Justice Boyd McBride, "He was one of the most eminent judicial figures in Canada since Confederation."

The justice concluded, "He was a great man and left his permanent mark on the province."

Pilot Killed

WEENSBAD, Germany, Sept. 8.—A German pilot was killed today when a F-47 Thunderbolt fighter plane crashed yesterday when it was on a test flight.

The pilot was a housewife, Munich.

The last legal trial in Scotland for witchcraft was in 1727.

REG. T. ROSS ... Key man meet.

YMCA Plan Annual Meet

Reg. T. Ross, executive secretary of Vancouver Board of Trade, will be chief speaker at Edmonton YMCA's sixth annual Key Men's Conference at Camp Keweenaw.

More than 75 Y leaders and club members are expected to attend, with cars leaving Edmonton at 7 a.m. Saturday.

Mr. Ross is a former general secretary of Edmonton YMCA, and former executive secretary of Edmonton Chamber of Commerce.

Conference address will be delivered by Mr. Ross at the conference, followed by a luncheon on the subject, "Y Roads to Action." He will also present a conference survey following supper on Sunday.

The last legal trial in Scotland for witchcraft was in 1727.

JUST ROAMIN' along singin' a song is gay life chosen by wandering minstrel Bob Ehle, of Syracuse, N.Y. Veteran of northland service in the U.S. army, Bob is on way to Alaska, singing as he goes. He says he'd help bring out inspired snatches of song. He picked up guitar in Salvation Army salvage shop for \$2.50. He's on the lookout for native northland ballads on present trip which has cost him only \$12 of his own to date.

Women Plan Drive On Sex Criminals

Executive of Edmonton's Local Council of Women yesterday endorsed the demands voiced by Vegreville women for amendments to the Canadian Criminal Code in respect to sex offenders.

To further their own two-year campaign for Criminal Code amendments, they appointed a committee to draft a resolution for indefinite confinement of convicted sex perverts.

The committee's resolution will be brought before the general meeting of the Council on Sept. 22.

Mass meeting of Vegreville women last month passed a resolution asking code amendments to permit detention of sex offenders after completing jail sentences unless convicted persons are certified to have been cured of their abnormalities.

Local Council of Women executive endorsed the principle of the resolution yesterday, but agreed to make their demands even more stringent.

They will seek Criminal Code amendments which would permit indefinite detention of proven perverts under medical supervision after completion of court-imposed sentences for such crimes.

Committee appointed to draft the resolution includes Mrs. W. E. Stewart, Mrs. Grace Hutchings, Mrs. Harvey Russell and Mrs. W. Radie. They represent the citizenship, moral standards and child welfare committees of the Council.

Previously, the council petitioned federal cabinet ministers for changes in the code to check the menace of sex perverts.

RETIRED after 10 years service with RCAF is Group Captain C. A. Davidson, OBE, of 560 105 street, U.S. Legion of Merit winner will return to civil engineering career in Edmonton. Prior to war he was with Public Works department here.

\$2,000 Holdup

TOBACCO, Sept. 8.—(CP)—A youthful lone bandit today held up a north Toronto branch of the Bank of Montreal and escaped in a hail of bullets fired at him by the bank manager. Police said the robber got away with \$2,000.

FORMER Edmonton schoolboy Traer Van Allen has been awarded Morris W. Wilson Memorial scholarship for four-year science course at McGill University. Vancouver student, son of Mrs. Ruby Van Allen and late George H. Van Allen, R.C., was born in Edmonton, attended Highland school.

YOU'LL FIND OUT! KEOLOGG'S BRAN FLAKES ARE FRESHER!

GUARANTEED FRESHER!

NEW! BRAN-NEW! CRISPER AND TASTIER THAN EVER!

Sizes 14 to 48. Priced 2.98

JOHNSTONE WALKER LIMITED

All Canada To Benefit From Pipeline

OTTAWA, Sept. 9.—(CP)—Central Canadian consumers won't get oil any cheaper than before, but all Canadians may benefit by a \$800,000 pipeline bringing oil from Edmonton to Sarnia, Ont., the board of Transport Commissioners was told today.

Dr. Oliver B. Hopkins of Toronto, president of the Inter-Provincial Pipeline Company, and vice-president of Imperial Oil Ltd., told the board that Canada will save as much as \$30,000,000 yearly in United States dollars once the 2,500-mile conduit starts full operation.

EDMONTON-GRETA
Dr. Hopkins gave evidence as the board considered applications from the pipeline company to build a section of line from Regina to Greta, Man.

This section, along with an Edmonton-Regina line approved by the board last June and a length from Greta to Superior, Wis., will complete in one year a pipe line supplying Sarnia and other southern Ontario points with oil from the new Alberta oil fields.

The board adjourned hearings until Monday after Mr. Justice M. B. Archibald, chairman of the commission, asked assurance from the Trade and Commerce Department that no licence problems would ensue once the line crossed the international boundary at Greta.

Dr. Hopkins' testimony brought out these points:

SUPPORTING TESTIMONY

1. Pipe line movement of oil is about one-third to one-quarter as expensive as transport by rail.

2. The Canadian shield—large mass of Precambrian rock between the lakes and muskeg—made all Canadian line through north-western Ontario to the Canadian lakehead impossible. The cost, compared with the cost of the proposed line in Superior, would be an additional \$10,000,000.

3. Prime purpose of the company was in bringing fuel to eastern Canada at the lowest possible cost, in order to compete with oil producers in Illinois, Kansas and other middle states.

4. The movement of oil to Sarnia will result in a lower price for crude oil in Alberta.

The line may develop a market in the U.S. eventually, although this market has not yet been reached. Money gained from oil sold from the Superior outlet in the U.S. would be used to buy necessary supplies of U.S. oil for the rest of the Dominion.

5. It is not contemplated that it will be economic to ship Alberta oil in the foreseeable future. The Alberta oil will be mainly to Sarnia, Sarnia and Oakville refineries and its products will be distributed from there.

PIPELINE SURPLUS

Dr. Hopkins said Imperial Oil is prepared to handle about 36,000 barrels of oil a day at Sarnia plant. This, along with some 37,000 barrels sold in western Canada, mainly Winnipeg, Regina, Moose Jaw and Brandon, would still leave the capacity of the pipeline some 34,000 barrels short.

This 34,000 barrel surplus would eventually find markets in the U.S. or at other eastern Canadian centres, the official hoped.

Dr. Hopkins testified that the tariff on oil from Edmonton to Superior will be an estimated 50 to 55 cents a barrel above the third the expense of shipment by rail.

Big backing for the project, to be financed partially in the U.S., is the tremendous reserve of Alberta oil.

The Imperial Oil representatives submitted as testimony a report by A. I. Leverson of Stanford University, Calif., placing the discovered reserves of Alberta at 1,000,000,000 barrels—enough to handle 43,000,000 barrels of oil a year for the next 25 years. He added that "undiscovered" reserves might be "several times" that figure.

Borden Company Chairman Dies

LEONARD HARRISON, N.Y. Sept. 9.—(AP)—Albert G. Milbank, 78, lawyer and board chairman of the Borden Company, died Wednesday.

As a business leader, in 1903 he urged on the United States "socialist capitalism." He defined this as including business co-operation, a moratorium on anti-trust laws, conservation and state social security measures.

Girls From the West Prettiest? It Seems So

ATLANTIC CITY, N.J., Sept. 9.—(AP)—Are girls from the west prettier than eastern or southern belles?

Preliminary results in the 1949 Miss America pageant seem to point that way. All preliminary winners announced in the talent and bathing suit divisions are from the west, including Miss Canada.

Tonight's third and final preliminary contest may give the westerners the upper hand in the finals tomorrow night, but no one will know until the 15 finalists are announced.

A demure Canadian miss, Margaret Lynn Munro of North Vancouver, pulled down the top top spot in the talent division last night with a rendition of "Sempre Libera" from the opera "La Traviata."

Sylvia Canaday, an 18-year-old eyelet from Denver, Miss Colorado, took first honors in the bathing suit preliminary last night. The night before Miss Arizona, Joanne Mercer of Litchfield, and Jane Ann Pederson of Santa Rosa, Miss California, tied for the class-chaire award.

Bogart's 'Find' Is Tough Guy

Newcomer John Derek Stars
In Rialto Screen Thriller

Just how tough does a man have to be to portray the toughest killer in modern literature in a picture starring the screen's most famous "toughie," Humphrey Bogart?

Bogart himself found the answer in young John Derek, Hollywood newcomer introduced in "Knock On Any Door," the Columbia Pictures novel of big city crime and passion. "Knock On Any Door" is a brutally honest story of a boy who wanted to live fast, die young and have a good-looking corpse.

Derek is a young ex-aircraftman with service in the Pacific a graduate of the Army's most hard-hitting training programs. A born athlete, he swims, rides, horseback-rides, football, judo and boxing. His first job, at the comparatively young age of 15, was as breaker of horses on a California ranch.

STARTS EARLY
A native of Hollywood, son of early screen personalities, Derek originally was headed for an art career until he came to the conclusion that renown comes to painters only when they are dead. At the age of 17, he started after Hollywood fame, and spent a year being groomed by David O. Selznick's drama school staff.

The Rialto, in all they visited 42 towns and cities. They kept track by painting place names in bright yellow paint on the tail of the airplane. They were forced to return when Parkinson's father became ill. The three-day journey cost them \$50.

OIL

Anglo, Home Widen Area

By Don Flach

Since bringing in their Woodbine No. 3 well last spring the team of Home Oil Co. and Anglo-Canadian Oil Co. have widened the corridor connecting the Lake and Woodbine oil fields to nearly two miles.

Starting from their discovery well, the team has drilled some six wells in an east-west line until the D2 producing area has been proven for a length of one and three-quarter miles. Another well which may broaden the area to two miles, Woodbine No. 11 was spudded yesterday.

SEVEN DI PRODUCERS

The discovery well also proved production from the D2, but the width of this producing area has not been proven as far as the D2 is concerned. It was spudded off and was not found productive at all in the last two wells drilled, No. 8 and the east end No. 9 on the west.

The D2 is also showing some signs of tapering off, but all wells drilled in the string so far are good producers. Recent completions bring the total D2 production to 7 and there is a potential of 3 good D2 effects in the D3 producers.

No. 10 well drilled on the east end, south of No. 8 is currently at 2,500 feet.

In the Redwater field Home-Anglo No. 10 is drilling at 2,600 feet. No. 12 now in production was bottomed at 2,357 feet and estimated at a potential of 42 barrels hourly or a daily flow of 3,000 barrels.

The completion brings the team's Redwater producers to ten.

STEP-OUT FAILS

Geologists step out in the Stettin area has failed to find the D2 which proved productive in the nearby No. 2 wells. Two drill bits have been lost in the interval from 1,582 to 1,530 feet and they obtained no oil show in the light formation. Drilling in the interval has been continued for the D3.

At Redwater, Bigby No. 7 has been completed with bottom at 2,275 feet. In a 14-hour production

Frank McMahon Named Director

CALGARY, Sept. 9.—(UPI)—Frank N. McMahon of Calgary has been named a new director of the Western Canada Petroleum Association.

The announcement was made today by Ed Kohl, association secretary.

McMahon is president of Pacific Petroleum Corp. and is associated with Pacific River Natural Gas, Western Canadian Petroleum Co. Ltd. and Alberta Distillers.

He was born in Maple, B.C., and attended University of British Columbia and Whitworth College, Spokane, Wash.

Livestock

EDMONTON, Sept. 9.—Total receipts: Cattle 308, calves 121, hogs 1, sheep 20.

Friday's cattle market is winding up fairly steady to firm on all offerings of good butcher quality.

Morning's trading was fairly active under a good demand, with local packers buying, showing a slight improvement in the better quality cattle.

Lightweight, medium quality continue on the slow side, but salesmen expect a more reasonable market.

A few choice hand-picked steers and calves, with a few choice hogs, are being sold for choice steers ranging from 14.00-16.00. Medium to good hogs are selling at 14.00-16.00, with a few choice up to 18.00, and odd singles up to 18.00.

Cows are slightly stronger on current grading, good and butchers' grades, at 12.00-13.00, medium 11.00-12.00. Bulls continue steady, with 12.00-13.00, medium 11.00-12.00, and odd singles up to 14.00.

Calves continue steady, good light calves 10.00-11.00, heavy calves 9.00-10.00, medium 8.00-9.00, and odd singles up to 10.00.

Following are the quotations:

Choice steers	10.00 to 11.00
Medium steers	9.00 to 10.00
Common steers	8.00 to 9.00
Choice calves	10.00 to 11.00
Medium calves	9.00 to 10.00
Common calves	8.00 to 9.00
Choice hogs	14.00 to 16.00
Medium hogs	13.00 to 14.00
Common hogs	12.00 to 13.00

Utilities Display Further Strength

Bell Sells At New High; West Oils In Late Rally

TORONTO, Sept. 9.—(CP)—Prices moved irregularly in moderately active trading on the Toronto Stock Exchange today. Western oils tightened late in the day and base metals and industrials were steady.

Senior goods were down from fractions after a few junior producers also weakened. A few issues featured in the British fractions. Upper Canada was in strong demand.

Utilities continued strong in industrial fractions. Bell Telephone and Canada Northern Power selling at 100.00. Steel, liquors and food also firmed while refining oils, papers and constructions were steady.

Sherrill Gordon was the most active of gold miners, moving in a narrow range.

A few key western oil issues closed into the plus column late in the day.

Annis Stukas: A Man On A Limb

Some purely personal observations brought on by all this talk about the major league pennant races: Annis Stukas, who decided to go straight after 17 years in the sportswriting field, is proving himself something new and different among football coaches. Traditionally most of them are on the gloomy side as to their team's chances.

But not the top-dog of the Eskimo grid machine. "We'll win two of our first three games," the brash Stukas stuck his chin out before the opener with Calgary Stampede.

And fact that Stamps promptly ironed out Penneb and mates 20-6 seemingly hasn't slowed down Stukas even a little bit.

Hardly was the link dry on newspaper reports of the opener when he was quoted to the effect that "we have a good chance to win five of our first seven games." That, of course, means a five-for-six pace over the remainder of the first-half.

We don't think Eskimos will win five of their first seven games, or anything like it. At the same time we can go for coach Stukas' optimistic approach to the business of earning the long end of the score in Western Interprovincial Football Union games.

After all he can only be either right or wrong. If right he'll be looked upon as a pretty sharp cookie. If wrong, as a former newspaperman, he'll know all about the useful use of words.

Changes In Offing For Big 4

Everyone connected with the Big Four Baseball loop is thoroughly fed up with (a) the 96-game schedule used this season, (b) the miserable team that went under the name of Calgary Buffs during the 1949 campaign.

After this one trial the 96-game asked has been condemned in all quarters as too long. . . means too much baseball for fans and players alike.

Accordingly it will be streamlined to an 80 or even 72-game test before one is taken as an agreed at Renfrew Park for the first time next spring.

For their part Buffs—it has been promised—will be completely overhauled. High on the list of contemplated changes is one that will see a real baseball man placed in charge of the squad. As well it's in the works to appoint a competent business manager.

Then, with their their command more or less shape, Buffs will bring in ballplayers who can cut it in the Big Four and hope that the dice comes up seven for their share of the time.

The transfusion for the Buffaloes can't be delayed beyond next spring. During the last month of the current season Buffs had no more drawing power in either Calgary or Edmonton than the Bloomer Girls of the 1890s would have had.

"Buffs cost us plenty of money," John Ducey, Ekks' GM, told Calgary baseball men the other night during a chin-fest. And for once Frank Wolfe and Harold Cundie have to agree with the hairy Ducey.

"Oh, There Was No Joy In . . ."

There'll be no joy elsewhere in the Western Canada Hockey circuit at today's announcement by Flyers' coach Frank Currie that he has signed Brandon's neitmidner Ray Frederick for the coming season.

Almost right off the bat suggest that Flyers will be stronger than last season. However, defenceman Bud MacPherson and winger Colin Kilburn are slated to train with Montreal Canadiens and may find up in the Canadiens organization. Also certain of the other players will be a year older than during the 1948-49 campaign (marvellous deduction, that).

So there's no matter to decide anything in this respect until, say, Oct. 10 or thereabouts. But certainly Frederick's coming is a great stroke of business on the part of Currie.

Failure of all those junior hockey men involved to go through with their announced intention to place an Edmonton team in the Western Canada league rates as one of the ac-lip-service flops of all times heretofore.

An estimated 11,000 fans turned out for the football lid-fest at Clarke Stadium last Monday night. That's how an aroused-Edmonton will rally behind men prepared to fight for the success of an idea, as junior hockey men should understand.

Clarkson Tops
Big Four Slugging

Official final Big Four Baseball league averages, released yesterday by president Sam Irwin, Calgary, confirm Cubs' Reg Clarkson as easily the top slat star of the campaign.

He leads in every department on offense except sacrifice hits. Here, Calgary's Butch Blackhall topped the loop. Otherwise it's 386 hitless Clarkson in hitting, 224 runs (137), 104 doubles (23), 104 triples (13), 104 home runs (14) and stolen bases (10).

Cubs' manager Les Edwards, 2-4, earned nine marks as the regular pitcher in this important department. Ekks' Cliff Johnston, 3-4, and Bruce Choukaas, 3-4, follow Clarkson in the hitting averages.

SENTINELS OF THE WESTERN SCENE

THROUGH THESE portals, and the portals of hundreds of prairie grain elevators that look as stilted as sentinels in a pool, passes the finest grain in the world. It is flowing to the elevators today as Alberta farmers take off whatever it is that nature endowed. Elevators such as these photographed at Calmar hold from 28,000 to 35,000 bushels. Capacity of an annex varies up to 40,000 bushels.

Experience Is What Makes Grain Buyers Good Judges

WESTLOCK, Sept. 9.—Everybody knows where wheat comes from, but many urban residents are puzzled as to where it goes once the farmer dumps it from his truck into the pit of a country elevator.

It is an interesting story and the men who can tell it—such as Miller Watt, UGG agent and the major of Westlock—are not only grain buyers but also men who have to know their business from the ground up.

As Mr. Watt explained it, you get to be a grain buyer purely by experience. "Those with a fondness for the business start as assistants, learn the grades, then graduate to their own 'houses' as openings occur."

SOLID BUSINESS
The grain buyer is a solid citizen whose business building is a place with a capacity of up to 35,000 bushels of solid western product.

When this product is brought in by the farmer it is weighed, front of the track is raised and the grain flows into a pit.

"Top of the elevator is a ring of spouts. At the pit there is a numbered wheel. Agent turns the wheel to the bin number he wants, an elevator carries the grain from the pit to that bin."

To load the grain from bin to the boxcars for shipment, the operation is virtually reversed.

LOADED TO CARE
A boxcar holds about 2,000 bushels of grain and the grain buyer orders the cars as he needs them through his station agent, although shipping instructions these days come from the wheat board.

Each night the buyer reports to his company the amount of grain he has taken in, and this is sent to the board which pin points places to be unloaded.

The buyer judges grades of grain by shaking kernels in palm of his hand. He takes the odd handful as the grain flows from truck to pit to reach an average for each load. His judgment is based on experience.

But there are referees: "If farmer and buyer have disagreement as to grade, the grain is submitted to inspectors of the board of grain commissioners whose decision stands." —JADDIE.

Woman Attacker Hunted By Police

CALGARY, Sept. 9.—(CP)—A young man who approached Marcel McLeod, 21, of Calgary yesterday with an "elephant water" and then struck her on the head with a liquor bottle, is being sought by police.

Miss McLeod who required hospital treatment for head injuries, said the stranger ran away after she repulsed him.

Will Run Again

CALGARY, Sept. 9.—(CP)—Major J. C. Watson said yesterday he intended to run for federal nomination in 1945.

UFA Pioneer Dies

CALGARY, Sept. 9.—(CP)—Stanley Joseph Young, 80, of Calgary, one of the original directors of the United Farmers of Alberta, died yesterday.

Most of Africa is inhabited by nomadic Bedouin tribes who live off herds of camels, sheep and goats.

POOL STARTS NEW PLANT

WINNIPEG, Sept. 9.—Staff of the Hudson's Bay Company, which was destroyed by fire recently with loss of \$100,000, has been added to Central Alberta Dairy Pool. It was reported here.

A new building is to be erected and excavation work has started.

Wetaskiwin Luther Rally

WETASKIWIN, Sept. 9.—More than 100 workers from 12 Lutheran churches will attend a rally at Wetaskiwin. Pleasant Prairie St. John's Lutheran church on Sunday, Sept. 11. Rev. P. E. Guenther is pastor of the host congregation and one of the speakers will be Rev. Harner Middelwacht, an associate secretary in the denominational parish and church school board, Philadelphia, Pa.

This rally is one of more than 500 being held through the Lutheran church's 1,000 congregations in the United States and Canada during 1940.

For St. Marie in Ontario, founded in 1844, is the oldest shrine in North America.

Standard Field Trial Rules Will Be Framed for Alberta

Interest Is Keen In Coming Event For Drumheller

DRUMHELLER, Sept. 9.—No ground was one of the main rules laid down at an organization meeting for the Alberta Hunter Trial Association, according to a report made here by George Danyluk, who was one of the representatives to the meeting in Calgary.

Danyluk and O. K. Neuhuis, representatives of the Drumheller club said that efforts will be made to standardize running and judging of trials.

DRUMHELLER TRIALS
Geoff Tomlinson, Calgary, was elected president.

Speaking of the trials to be held here on the farm of Andy Anderson on Sept. 18th, the men felt that competition would be keen and that spectators interest would far exceed the 200 witnesses of a trial and demonstration held early in the spring.

Porter Didn't See Reporter's Light

By Ken Liddell
Provincial News Editor

Did you notice that bit announcing parade times for 44 RAA WISPs and 136 LAD RCMWS?

If it wasn't a typographical error, the army is still up to its double talk such as keeping track of things with notations like: Brush, teeth, for the use of.

But any discussion about the

HIS LAMENT IS QUIET

CALGARY, Sept. 9.—(CP)—Major Major Havel today had something to tell about his quiet life in the city.

A chief state his feelings from his own major's point of view.

He went to a camp at Dunderburg, Sask., to do some training stories.

During a night exercise some Very pistols were fired and Havel, who had never before seen one, was quite intrigued by the rocket-like signals.

Next day going home on the train the porter was a chap named Daniel Webster, no doubt named after the famous statesman.

Trains five and six between Edmonton and Winnipeg. Webster has been looking after the sleeping car between Saskatoon and Winnipeg for quite some years.

Mr. Webster was telling us about his experiences overseas with American troops during the first war.

He recounted a story of going ahead of his line to sleep on something or other and when he was, he is startled by firing his pistol.

"Very light" asked Havel, still very much full of the night before, falling down a flight of stairs in Rome but time and locale of this story was start of the war when

Rotarians Plan Drumheller Show

DRUMHELLER, Sept. 9.—Members of a Drumheller Rotary club committee in charge of arrangements for the appearance of "A Night in Vienna" reported that the effort was meeting with success.

"A Night in Vienna" will appear at the Sunday Theatre Clubhouse on Sunday, Sept. 10, at 8 p.m. The production will be presented by Basil Hoffman, formerly of the "A Night in Vienna" troupe.

The troupe inspected all stage and equipment and all were pleased with the results. The troupe will be accompanied by a band and a chorus.

The troupe is expected to arrive in Drumheller on Sunday, Sept. 10, at 8 p.m. The troupe will be accompanied by a band and a chorus.

The troupe is expected to arrive in Drumheller on Sunday, Sept. 10, at 8 p.m. The troupe will be accompanied by a band and a chorus.

The troupe is expected to arrive in Drumheller on Sunday, Sept. 10, at 8 p.m. The troupe will be accompanied by a band and a chorus.

The troupe is expected to arrive in Drumheller on Sunday, Sept. 10, at 8 p.m. The troupe will be accompanied by a band and a chorus.

Luscar Helping To Feed Children

WINNIPEG, Sept. 9.—(CP)—The 37 inhabitants of Luscar, Alta., have subscribed nearly a dollar per person to the United Nations International Children's Emergency fund, it was announced.

VIMCOP headquarters said it had received a cheque for \$201 from Luscar. It was forwarded by local 208 of the United Mine Workers, district 18.

Altogether, some \$75,000 was subscribed by Canadians to UNICEF since June 1.

St. Laurent Speaker For C of C Meet

WINNIPEG, Sept. 9.—(CP)—Prime Minister St. Laurent will be the featured speaker at the annual meeting of the C of C held here at the Canadian Club on Sunday.

The speaker will be the featured speaker at the annual meeting of the C of C held here at the Canadian Club on Sunday.

Building Boom Hits Edmonton's Wholesale District

OVER A MILLION dollars worth of warehouse construction is underway in downtown Edmonton these days as businesses race to finish outdoor labor before winter sets in. Multi-thousand dollar Beatty Bros. warehouse at 107 street and 103 avenue is one of many projects contributing to city's record-breaking building program this year.

BIG PLUM in city's building is \$300,000 warehouse of Gault's Alberta Ltd. being erected at 107 street and 104 avenue. Work on building got underway just recently but when finished is expected to add much to city's storing facilities. Company was burned out in fire here last March.

ONE OF LARGEST of city building projects is Goodyear Tire Company's three-story building at 103 avenue and 116 street. Poles Construction Co. are handling contract. Other major jobs underway are \$231,000 office building for Crane Ltd. on Kingsway, \$80,000 office and warehouse for Dominion Rubber Co. on 114 street, and \$75,000 office and storage building for Kraft Foods at 1100-119 street.

Movie Men Seek Board For Dispute

Union moving picture projectionists in Edmonton seek conciliation of a dispute with show proprietors over decision of the latter to employ only one operator in each projection room. For several years union agreements have provided for two men to each shift.

Application for a conciliation board is being made by projectionists union president Wilfred Green, following a breakdown in negotiations for a new contract between the union and operators of some 12 Edmonton theatres. Some days ago vice-president Carl Herz of Canadian Trades and Labor Congress and Herbert G. Turner, President of Alberta Federation of Labor, conferred with Alberta Government officials on the dispute.

At that time it seemed likely a satisfactory settlement would be made. ONLY ONE Union leaders now report the owners have insisted on there being only one operator to a shift, before signing a new wage agreement for another 12-month period. Union leaders claim two men to a shift safeguard theatre patrons against the fire hazard.

They also contend reduction in one man per shift would cause serious unemployment among projectionists.

Motion picture house operators on the other hand, claim savings operating costs and greatly increased overhead make a reduction necessary.

Conciliation proceedings are expected to start at an early date.

Shell Co. Plans Deep Drilling

CANBERIA, Sept. 9.—(AP)—The Shell Oil Company has announced plans to drill a deep oil well near Edmonton in December. It plans to begin deep exploratory drilling to 10,000 feet if necessary near Edmonton in December.

The company has been making an intensive search for oil in central Queensland.

POLICE NAB STOLEN COAT

Fast work of city police has resulted in the recovery of a fur coat stolen from a downtown department store. Tuesday, the dark brown Persian Lamb coat passed through several hands before Detective James McMurtry got his hands on it.

Details of the recovery were not available today. Det. McMurtry is still working on the case.

Coat, trimmed with mink, was valued at \$1,000.

Legion Will Honor Dead

War dead will be honored Sunday when the city marks its annual decoration day.

During the Sunday services flowers will be dropped on soldiers' graves from aircraft operated by No. 418 auxiliary squadron. Provided sufficient flowers are contributed, sprays will be placed on graves of all servicemen and women at the Edmonton, Bechtel and Mount Pleasant cemeteries.

Contributing flowers should leave teams at Memorial Hall, Strathcona Legion Hall at 1048-81 avenue, or Kingsway Legion hall at Kingsway and 103 street between 9 a.m. and 5 p.m. Saturday.

Volunteer workers of the Canadian Legion will make up sprays, which will be placed on the graves Sunday morning.

Traffic Lanes Are Outlined

Lines for three lanes of traffic on McDougall Hill have been laid out by the city engineer's department. Widening of the highway turn into the hill from McDougall Drive was completed last week, and widening the traffic lanes were planned.

They provide two lanes of traffic up the hill, and one down, since traffic is blocked much more by incoming cars and trucks than by descending vehicles.

Visiting Dogs Take Top Honor at Show

Size literally meant little as a miniature poodle and an American cocker spaniel won best-of-show and reserve best at the conclusion of judging yesterday's 153 entries in the Edmonton Kennel Club's 36th annual dogshow.

The show concludes tonight in the automobile showroom at the Exhibition grounds.

The little female poodle, all decked out and primed for the occasion, won the nod from Joseph Fleming, judge of Thursday's event, after a field of five other top notch purebreds awarded first in their groups. The poodle actually was winner of her group as well.

The poodle, Lemmon Countess Susan, was also winner in the best Canadian breed class. She is owned by Mrs. G. O. Olson, of New Westminster, B.C. She was led in the ring by William Daugh, also of this city.

The American champion cocker, Oshagabon's Townsman, came a close second and was awarded the trophy for reserve best of the show. He was entered by Nancy Lee Nannetti of Oakland, Calif.

As Edmonton winner of the day was a toy pomeranian—Little Tim's Sunwick—owned by Mrs. A. H. Smith, 1600-138 street. This entry was awarded first as best-of-group in toy breeds. Second Edmonton winner was Jordon R. Lucas, 500-75 avenue, with a Doberman-Pinscher, Comet von Winteburg.

LEGION SPONSORED Kingsway branch of the Canadian Legion are sponsors of this year's show and are contributing to the show for shubin veterans' comforts at the Col. Menzies Pavilion.

"We are highly pleased by the turnout and this building is the real thing for the purpose," said J. J. Gagnon, honorary provincial secretary of the Legion with 13. More than 200 paid admissions were recorded yesterday.

The second day is always held and we are making preparations for four times that number today," said Mr. Gagnon.

Other best-of-group winners included a silver-haired fox terrier, a boxer and an alghat.

37 EDMONTONIANS In all there are 151 animals entered in Edmonton's 36th annual dogshow. There are 101 owners or representatives of owners registered. Of this number 37 are Edmonton residents and 18 are from other parts of the province.

Two families from British Columbia sent 17 owners or handlers, while California was next with 12. The remainder of visitors came from Saskatchewan, Washington, Oregon, Utah, Montana and Wisconsin.

EGG PRICES TAKE JUMP

Detail egg prices jumped four to six cents this week. Demand for grade-A eggs, plus decreased supplies have caused the seasonal increase, which is not expected to last long.

Grade A large now sell at 61 to 63 cents per dozen, grade A medium 59 to 61, and grade A pullets 47 to 53 cents.

Lawsuit Filed For \$11,560

Suit for \$11,560 damages has been filed in supreme court as a result of a city accident.

August John Tiedmann is suing Pete Mihalynuk, for \$10,000 general damages and \$1,560 in cover medical bills and loss of 51 work days wages.

Tiedmann alleges he was struck by a truck operated by the defendant while he was crossing at the 60th street and 10th avenue intersection. He claims that the truck was travelling at excessive speed, and that the driver failed to keep proper lookout.

Plaintiff suffered broken thigh bone, numerous cuts and bruises, strained bruise and burns, shock and loss of blood.

City Man Is Committed To Face Murder Charge

Army veteran Wilfred Leslie Nowell, charged with the July slaying of his onetime employer, Thomas Law, was committed to supreme court for trial here yesterday.

Nowell was arrested July 28 a few minutes after Law, 38, disappeared from his home at 100-115 street, had been cut down by two bullets fired at point blank range from a German nine mm. Luger pistol.

Nowell, 43, of 1230-75 street, had been fired by Law less than 24 hours before the shooting.

Nowell's preliminary hearing before Justice Duff was adjourned for lack of three crown witnesses. In court yesterday evidence was given by Detective Roy Dick (Philip Buckenham), city truck driver, and John Charles Heasler, operator of a caddy shop near the south end.
